

Opportunities?

During the Fetteresso Elders' Retreat 2024 (September 13-14) there will be time set aside to identify and consider perceived "opportunities" for advancing God's kingdom within the congregation and across the community. This could equate to developing existing activities or practices, or moving into entirely new things altogether. As ever, our aim is to discern where and how God is calling us to act, and being responsive and obedient to those calls.

Although elders serve within many activities and organisations across the church, and throughout the town, we recognise that there are clearly limits to our combined reach and understanding. If you feel that God is inspiring you with regards an obvious potential opportunity for us to further advance His kingdom, please use this platform to share this with us **by no later than Friday 6th September**.

During the week submissions can be made via the church office, or on a Sunday to Lesley Clark, Janice Boggon or Linda Lawton.

Whilst we cannot promise to discuss all submissions on the day (especially if there are large numbers) having them a week in advance may help us prioritise areas / themes to look at first, and ones to follow up at subsequent session meetings.

Brief Description of Perceived Opportunity:-

Name:-

How best to contact you if we wish to request further clarification or information:-
